

Eviction Expungement Intake Survey - for Agencies

Thank you for supporting households seeking eviction expungement in Kansas. This survey is intended to collect information about the eviction expungement process at the time a household files for expungement. The information you provide will help us better understand who is accessing eviction expungement, identify barriers to the filing process, improve available resources and training, and evaluate the overall implementation of Kansas' eviction expungement law.

Because successful eviction expungements remove court records from public view, these cases cannot be tracked through court records. Your responses are critical to helping us understand the reach and impact of eviction expungement efforts across Kansas.

Please complete **one survey for each household** you assist with filing for eviction expungement. To protect client privacy, **do not include any personally identifying information**. Instead, use the anonymous Case ID assigned by your agency so this survey can be linked with a future follow-up survey.

This survey should be completed at the time the eviction expungement paperwork is filed or immediately afterward.

Estimated time to complete: **5–10 minutes**.

Questions marked with an asterisk (*) are required.
