The committee met Wednesday August 29, 2018 and reviewed the ten applications for FY2018, including seven renewals, two reallocations, and a new bonus project application. Using a scoring sheet approved by KS-505 CoC Board, committee members scored project applications on program type, program focus, community responsiveness and coordination, and objective performance measures related to housing stability, income sufficiency, bed utilization and fiscal responsibility that were drawn from each existing organizations' annual performance reports. For more information about the scoring criteria, see FINAL RR committee score sheet FY2018.

KS-505's annual renewal demand (the amount needed to fully fund all existing projects or ARD) was \$684,593 with up to \$41,076 of bonus and a domestic violence bonus of \$64,041. Renewal and reallocation grants were sorted from highest to lowest percentage scores, calculated by dividing the number of points received by the possible points available. Tier One projects reflect the grant budgets of all those prioritized up to 94% of the CoC's ARD or \$643,517. All requested dollars above \$643,517 and solely bonus projects were placed in Tier Two. In addition to the rankings above, both Catholic Charities of NE KS and Johnson County Mental Health will each be applying to consolidate their respective same type renewal grants into one grant in 2018.

KS-505 CoC lead staff deeply appreciate the many volunteer hours of reading, scoring, thoughtful discussion and debate that all four Rank and Review Committee members gave to this process and without which the process could not have been completed. Thank you.

Please direct any questions about the process and/or results to Valorie Carson, valoriec@ucsjoco.org or call 913-438-4764.
