The KS-505 CoC Rank and Review Committee met Tuesday Sept 10, 2019 and reviewed the seven applications for FY2019, including six renewals, and a new bonus project application. Using a scoring sheet approved by KS-505 CoC Board, committee members scored project applications on program type, program focus, community responsiveness and coordination, and objective performance measures related to housing stability, income sufficiency, bed utilization and fiscal responsibility that were drawn from each existing organizations' annual performance reports. For more information about the scoring criteria, see FINAL RR committee score sheet FY2019.

KS-505's annual renewal demand (the amount needed to fully fund all existing projects or ARD) was $663,035 with up to $61,924 for domestic violence bonus. Project applications were ranked from highest to lowest percentage scores, calculated by dividing the number of total points received by the possible points available. Tier One projects reflect the grant budgets of all those prioritized up to 94% of the CoC's ARD or $629,856. All requested dollars above $629,856 were placed in Tier Two. The Committee made its recommendations to KS-505 CoC Board which approved the recommendations on Wednesday Sept 11, 2019.

KS-505 CoC lead staff deeply appreciate the many volunteer hours of reading, scoring, thoughtful discussion and debate that all Rank and Review Committee members gave to this process and without which the process could not have been completed. Thank you.

Please direct any questions about the process and/or results to Valorie Carson, valoriec@ucsjoco.org or call 913-438-4764.
