NOTES:

Data by more than 80 indicators is presented by county - Johnson and Wyandotte in Kansas, and Cass, Clay, Jackson and Platte in Missouri. The Platte County data for 2016 and 2017 is limited in scope due to sample size for some indicators. Due to the Platte County limitations, a five county total column, rather than six county, is also presented. For some indicators, as noted on the worksheets, indicator data for the MSA is presented in the five-county column.

*** Income data for for Black and Hispanic households not included due to high margin of error.
